
Prepress

To best serve our customers, QPBS offers comprehensive prepress technologies with experienced staff to prepare your files with precision and quality:

- Graphic design services
- High resolution scanners
- Electronic or hard copy art submission
- File submission by FTP, disk, or email
- High resolution digital color proofing or "soft" proofing
- Expertise in InDesign, QuarkXPress, Illustrator, Photoshop

Digital Printing (On Demand)

We can provide the single and full-color quality to fulfill your short-run digital needs. From static print jobs to complex variable data and personalization projects, our skilled press operators see to it that your expectations are always met and often exceeded.

Conventional Offset Printing

For medium to long run print jobs, we utilize our 29" to 40" offset presses to run one, two, and four-color projects. Our eight-color and ten-color 40" presses, with perfecting capabilities, allow us to print up to 4 or 5 colors on each side of the paper on the same pass. We can print roll to sheet or sheet to sheet.

Some of the publications and marketing material we produce include:

Brochures	Membership Directories	Annual Meeting Material
Books	Course Syllabi	Post Cards
Conference Proceedings	Session Handouts	Pocket Folders
Newsletters	Technical/Training Manuals	Direct Mail

Bindery

To compliment our full range of presses, we offer a complete bindery operation that includes Saddle Stitch, Perfect Binding, Spiral Wire, Plastic Coil, Wire-O, Plastic Comb and Case Binding. We also employ die cutting equipment for custom applications along with our custom index tab production.

Warehouse/Inventory Management

Our climate controlled warehouses allow us to print long and inventory product for future use. We offer order status and shipment detail as frequently as needed by our customers. Minimum reorder points can be established and alerts sent out to allow for future and updated print runs.

Fulfillment/Mailing

We offer kitting, pick and pack applications, to full skid fulfillment along with our state of the art mailing services

No matter how large or small your print project is, give us a call to allow us to produce your project in the most cost effective manner, while matching that to your delivery deadline.
